29/12/2016 RIP Santa Claus
23/12/1951 RIP la Pere Noel
Santa Claus was hanged yesterday afternoon from the gates of the cathedral of Dijon and publicly burned on the parvis. That spectacular execution unfolded in the presence of hundreds of children from the church’s boys and girls clubs. The decision was made with the agreement of the clergy, who condemned Santa Claus as a usurper and a heretic. He was accused of paganizing the Christmas holiday and of installing himself like a cuckoo in another bird’s nest, taking up more and more space. He is reproached especially for having introduced himself into all the public schools, from which the nativity scene is scrupulously banned.
Fear

• Political, Cultural, Social decisions→ by FEAR not RATIONALITY
• IDENTITY NOT by REASON (i.e. Europeanness)
• IDENTITY by FEAR

Fear and Right Wing populism

- Dani Rodrik (2018)
  - increasing inequalities; constant economic anxiety; decline of perceived status and the chasm between elites and ordinary citizens

- Cas Mudde (2009)
  - nativism feeding on us versus them; authoritarianism with special emphasis on law and order and populism as defending the rights of decent ordinary citizens against a corrupt elite
Reality or who cares?

EVERYTHING!!!

- Bogardus: Social Distance
- Gibson: Political tolerance

Europe’s crisis – SoU 2016, Juncker

• Our European Union is, at least in part, in an existential crisis.

• But never before have I seen such little common ground between our Member States. So few areas where they agree to work together. Never before have I heard so many leaders speak only of their domestic problems, with Europe mentioned only in passing, if at all.
Youth

• Discuss: What young people are afraid of? Are they different than rest of the society?
Youth

• Has more to be afraid of:
• Unemployment; gig economy; zero hour contracts; employability; adultism.
• No – little representation in decision making, high levels of efficacy; low party membership
• Alternative engagements;

Youth -2

• HOPE
• Gary Pollock, future trends in youth;
• Beyond world of fear; more open minded; more European and more post-materialist, autonomous
• Erasmus generation; more to show solidarity
Youth-3

I honestly don’t care if you don’t want teenagers involved in politics.

We didn’t want a bunch of angry old white men to decide our future and our president, but here we are.

Bene Gesserit Litany Against Fear from the book series *Dune Chronicles*: “I must not fear. Fear is the mind-killer. Fear is the little-death that brings total obliteration.”
